**Dear Sir /Madam**

**Re: Recommendation letter for Hashim Omar**

Hashim Omar, was attached to WWF-Kenya, Kwale Landscape Project during his University field practicum for four months between May and August 2013.

**WWF – the global conservation organization**, carries out Natural Resources conservation and livelihood improvement projects in Kwale landscape which aims to support conservation, management and sustainable utilization of Kwale Forests for the benefit of present and future generations.

During the time he was with WWF, Omar was involved in the following activities among others;

1. Human Elephant Conflict management initiatives around Shimba Hills ecosystem
2. Mijikenda sacred forests (Kaya) conservation work in Kwale and Kilifi
3. Helped in writing minutes of meetings with community groups and other partners
4. Helped in drafting writing reports of various activities
5. Community mobilization
6. Monitoring of project activities

He proved to be diligent, hardworking and focused. He is a team player and can work even in hard/harsh circumstances with minimal supervision.

Kindly accord him the necessary support.

Yours faithfully

Elias Kimaru
